

Be transformed at Queen Street

Step into our welcoming space and be prepared for an incredible transformation.

A trip to Esstudio Galleria is like no other hair and beauty experience. Sit back and choose from our menu of teas, coffee and wines, and expect a friendly welcome from our salon doggies, Ox and Onyx, while we work our magic on your hair.

We specialise in colour and partner with only the best including Redken, Olaplex, Wella, Staino, Fab Pro and Guy Tang.

From bold and bright to soft and subtle, for us in the Esstudio family, all that matters is that you are heard properly. There is nothing more gratifying than a client leaving the salon with a spring in their step and a glint in their eye.

It's what happens at Esstudio Galleria.

KERATIN

The Brazilian Cacau Keratin treatment by Cadiveu is the most innovative and effective professional smoothing treatment in the world!

Brasil Cacau reinforces the internal structure, improves the condition of the hair by smoothing the cuticle and eliminating frizz, reducing styling time, giving instant manageability while providing external protection.

The end result is smooth, healthy, frizz-free hair with radiant shine.

Results are instant. There is no need to wait 72 hours. The minute you leave the salon, you can wash your hair, wear a pony tail, use clips and pins and it will be straighter, smooth, frizz-free and extremely radiant!

Our beauty Queen Street

Its own little world

Our space on Queen Street is #vibes but step into our beauty rooms and decompress.

This tranquil space is soundproofed from the rest of the world so strip back from any modern day distractions and allow yourself to sink into a deep luxurious pamper-me mode.

We go above and beyond to ensure you look and feel your best because that's exactly what you deserve.

We have an extensive list of treatments that you're about to read all about. We even have a steam room for Pete's sake! (read more about that on page 10).

DERMALOGICA

Dermalogica is our go-to brand for so many reasons.

While we have you covered in terms of pampering, Dermalogica is founded on the belief that good skincare is not about pampering or luxury.

Dermalogica is committed to professional skincare with no-nonsense packaging, instead there's an emphasis on skincare education and dedication to formulating products that deliver results.

The company has essentially become a household name since it began in 1986 due to its award winning revolutionary product creations.

All product formulas are free of: artificial colours and fragrances, mineral oil, lanolin, S.D. alcohol, parabens and microplastics.

Dermalogica is recognised cruelty-free by PETA (People for the Ethical Treatment of Animals) - which keeps us animal (doggie) friendly people happy!

THE ULTIMATE SUPERFACIAL

The Geneo works with the body, never against it.”
Its a no down time 3 in 1 super facial!!

Our New GeneO®+ redefines facial treatments by combining the innovative OxyGeneo treatment with advanced Pollogen TriPollar® Skin Tightening and Ultrasound Product Infusion technologies.

Its a next-level treatment that makes your skin glow like the full moon, like you were sent from heaven above to grace the Earth with your radiant complexion.

The oxygene facial capitalizes on a well-known effect called ‘Bohr effect,’ to trigger the body to oxygenate the skin naturally from within.

The Bohr effect is a natural process that takes place in our body from the moment we come to the world and until the moment we leave it.

The TriPollar® Skin Tightening produces natural collagen regeneration for a visible improvement in the appearance of fine lines, wrinkles and lax skin.

Ultrasound Product Infusion then enables increased absorption and efficacy of serums.

This exclusive combination improves skin tone, evens texture and nourishes the complexion to provide a balanced healthy glow.

You will immediately see and feel the difference.

- Visible results from the first treatment
- Oxygenation generated from within
- Reduction in fine lines, wrinkles and lax skin
- Firmed and rejuvenated complexion
- Optimal absorption of revitalising nutrients
- Overall refinement in skin tone and texture

GeneO®+ is a one-stop facial that softens fine lines, reduces wrinkles,revitalises dull complexions and provides an overall improvement in texture and tone.

FACIAL PEELS

Dermalogica Pro Power Peels!

Pro Power Peels are an advanced system that helps conquer the effects aging has on your skin. Our cell turnover slows down dramatically as we age and as this happens it affects the skin in ways such as pigmentation, fine lines, wrinkles and acne breakouts.

Chemical peels deeply exfoliate the skin to address all these issues. Our Power Peels are not a one-size-fits-all, they are a 'unique to you' treatment as we tailor the experience to your individual skin concerns, helping you achieve healthier, younger-looking skin.

Pro Power Peel 30

30 mins
